

STELLAR PHOENIX SOLUTIONS

SURVEY & MAPPING CAPABILITY STATEMENT

DUNS: 031762894 CAGE Code: 6PZR1

Core Competencies

Stellar Phoenix Solutions LLC (Stellar) is an SBA 8(a) Business Development Program Participant and SBA certified Economically Disadvantaged Woman Owned Small Business based in New Jersey. We apply the latest laser scanning technologies that use rapid laser pulses to map out indoor and outdoor surfaces in 3D. Our software allows us to upload your Geo-images, videos, and GPS data and Geotag points of interest inside pre recorded videos and images. We deliver both, aerial and street level geospatial data using different methods including, UAV LIDAR, Mobile LIDAR, Photogrammetry, Geo-Images, 360 Panoramas, Geovideo, and GIS.

Our Capability

- Construction and Topographic Surveys
- Topographical Surveying and Mapping
- Hydrographic Surveying and Mapping
- Ecological & Biological Surveys
- Project Control Surveys
- Geophysical surveying and mapping.

Our Differentiator

- Capable of large scale self-performance through our internal equipment, machinery, and personnel resources
- We leverage existing prime-sub relationships with other outstanding contractors to bring additional capacity, experience, knowledge to Our Team
- Cutting-edge technologies and processes

COMPANY OVERVIEW

Stellar as a small disadvantaged business, is able to offer more than high quality project management and execution. The company also provides the reliability, honesty and personal interaction that ensure satisfaction at all stages.

OUR ULTIMATE GOAL Is to enrich the way you view and interact with information without physically being there by integrating highly sophisticated imaging sensors with cutting-edge software to generate fully-interactive 3D environments.

OUR PASSION

Is to transform the way information is collected, managed, and visualized in a constantly changing environment.

STELLAR PHOENIX SOLUTIONS

DBA easy**SERVICE** Data Solutions

DUNS: 031762894 CAGE Code: 6PZR1

WAYS TO CONTRACT WITH STELLAR

1. Sole-Source Directly to Stellar Phoenix Solutions DBA easySERVICE Data Solutions

Any federal agency can identify work especially suited for an 8(a) firm and can set-aside the project without releasing it for competitive bids, allowing for a direct award to a nominated 8(a) firm.

2. Sole-Source IDIQ for Stellar Phoenix Solutions DBA easySERVICE Data Solutions

When an agency finds an 8(a) company that they would like to utilize on a regular basis, the agency might choose to award a Sole-Source IDIQ (Indefinite Delivery/Indefinite Quantity) contract. Preparation of this IDIQ is very cost-effective for the agency as it minimizes the length of time involved in contracting out individual task orders. This type of contracting mechanism can be awarded very much like the sole-source contracts described above.

3. BOA with Stellar Phoenix Solutions DBA easySERVICE Data Solutions

A BOA (Basic Order Agreement) can also be awarded on a sole-source basis under the 8(a) program. A BOA is a written instrument of understanding, negotiated between an agency, contracting activity, or contracting office and a contractor, that contains the following items:

- A. Terms and clauses applying to future contracts (orders) between the parties during its term.
- B. A description, as specific as practicable, of supplies or services to be provided.
- C. Methods for pricing, issuing, and delivering future orders under the Basic Ordering Agreement.

Any of the contracting vehicles described above can be used to provide both services (e.g. Engineering, Program/ Project Management, Financial Management, Training, Technicians) up to \$4,000,000, and/or supplies (e.g. Networking Equipment, Servers, Software, Computers) up to \$6,500,000.

How to Issue an 8(a) Direct-Award-Contract to easySERVICE (requires waiver):

Following are the steps to use the SBA 8(a) Program to work with easySERVICE (as defined in the CFR, Title 13, Chapter 1):

Step 1: Define scope of project (Sec.124.502(a)).

Step 2: Send letter of intent to SBA district officer (Sec. 124.502 (b)).

The written letter of intent to award procurement to easySERVICE should be emailed to Janett Peralta, our Business Development Specialist at the SBA via email Janett.peralta@sba.gov. You may also contact her directly at (973) 645-4651.

Address: Two Gateway Ctr. Floor 10th Ste. 1002, Newark, NJ 07102. Please include the following in the letter:

- » An **emailed waiver-request** from the "head of procuring activity" representing that the direct-award to easySERVICE is needed to achieve significant interests of government.
 - » A description of the work to be performed with the estimated period of performance and dollar value of the requirement & options.
 - » The NAICS code that best applies (334112 for Storage Products)
 - » The anticipated dollar value of the requirement, including options, if any
 - » The type of contract to be awarded (such as firm fixed price, cost reimbursement, or time and materials)
 - » Identification of any specific participant (Stellar Phoenix Solutions, DBA: easySERVICE) for nomination for direct-award contract
 - » A brief justification from the procuring activity contracting officer nominating easySERVICE for award of a direct-award 8(a) contract (explain that easySERVICE through its own efforts marketed the requirement for the 8(a) program, and any applicable acquisition history).
- Step 3:** SBA accepts offer within 3 (if contract is below \$4M) to 10 (if it is above \$4M) days of receiving letter of intent (Sec 124.503 (a)). **Step 4:** Either an SBA delegated contract or a three-party agreement is signed within 3 days of receipt (Sec 124.508(a-c)).

You are DONE!

If you have any questions about this process, feel free to call us at the number below.
